VOLUME CVIII.--NO. 121. ALEXANDRIA, VA., TUESDAY EVENING, MAY 21, 1907. PRICE 2 CENTS.

Do You Think For Yourself?

Or, do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

* * * * *

If you are an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest medicine of KNOWN composition, sold by druggists for the cure of woman's ills.

* * * * *

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible indorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, *in plain English*, on every bottle-wrapper.

* * * * *

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

* * * * *

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

* * * * *

A booklet of ingredients, with numerous authorative profesional endorsements by the leading medical authorities of this country, will be mailed *free* to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

HUMMEL IN STRIPES.

Abe Hummel, convicted of conspiracy in the Dodge-Morse case, and sentenced to a year in prison, got into Blackwell's Island penitentiary through the back door yesterday. With the adroit maneuvering for which he and his partners had been famous in the past, the transition of the little lawyer from his home in east Seventieth street, New York, to the penitentiary across the river was accomplished in a way to spare him that which he most dreaded, the humiliation of a public spectacle, such as would have been his had he taken the usual route of the prisoners bound for "The Island". With his nephew, Abe Kaffenbergh, the man who directed some of the maneuvers in the Dodge-Morse case, Hummel left his house shortly before 11 o'clock in the morning in a motor car. The automobile, a big, swift touring car, with a closed body, was swift enough to dodge all pursuers.

Upon their arrival at the island they took the path on the eastern side of the island and got in the back door.

Hummel arrived at the prison too late yesterday to go to work. He was put to work this morning in the store house, moving vegetables and picking over potatoes for the kitchen. There are heavy cases to move, and the work is not considered light.

There are generally about 12 men in the storage house gang, and if an emergency requires it, they have to work as scullions and handymen in the kitchen. Hummel's breakfast this morning according to the printed menu for the week, consisted of twelve ounces of hash, twelve ounces of bread, and one quart of coffee.

From an income of $300,000 a year, over and above office expenses of $25,000 a year, Abe Hummel has descended to a felon's cell. For twenty years the firm name of Howe & Hummel was a terrior to men and women in the swift society of New York who feared exposure. The man who thought or knew his wife suspected him, the woman who thought or knew her husband suspected her, the man who had a "little affair" he wanted to forget, knew that all was over when he received a letter in his mail with the Howe & Hummel card in the corner of the envelope.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by W. F. Creighton and Gibson & Timberman.

CHARGED WITH POISONING.

Raleigh, N. C., has a profound sensation in the arrest of Dr. D. S. Rowland on the double charge of poisoning his son David, aged 11, who lived with relatives at Henderson, near Raleigh, and of poisoning Seaboard Line Engineer Chas. B. Strange. Immediately following his arrest came that of his bride, Strange's handsome widow, on the charge of being an accessory before the fact to the murder of her husband.

Strange went to Raleigh last year, and his wife was said to be from Chicago. She is aged 30, tall and stately. Strange's death occurred a few hours after Dr. Rowland had been called to see him, and was certified to as due to heart failure. It began to be whispered around last Thursday that Dr. Rowland had gone to Norfolk with Mrs. Strange, and this caused the Brotherhood of Locomotive Engineers to press an investigation.

While this was in progress the alleged poisoning of the boy at Henderson was causing a sensation there. It was said that Rowland went to see the boy, who was in an aunt's charge, walked with him and gave him an orange, which the boy said made him sick. The certificate in this case was ptomaine poisoning.

Rumors of foul play became current, and Rowland, who went there a few days ago to see about collecting on a policy of insurance for $900 on the boy's life, taken out a few weeks ago, and about selling the boy's property, was told he ought to the have body exhumed to settle the rumors. He ridiculed the idea and returned to Raleigh Sunday.

When arrested yesterday Strange's former widow was with him. Rowland said she was his wife, and that they were married at Norfolk and showed a certificate. Her arrest followed that of her husband, and was made in the station house immediately before he was taken to Henderson. The coroner issued an order for the exhumation of Strange's body today. The body of little David was exhumed yesterday at Henderson. Engineer Strange had considerable insurance.

Dr. Rowland showed no concern at his arrest, but his wife collapsed. Rowland is a native of Henderson.

Mrs. Rowland last night was released on $2,000 bail.

The hearing against Mrs. Rowland is set for June 3, and it is expected Rowland will be tried at once in Henderson, as court is in session there now.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

"We dined in some of the finest hotels and restaurants, but did not find any coffee to excel in quality Arbuckles' ARIOSA."

That is what one lady writes and millions of others prove they believe, by using more Arbuckles' ARIOSA Coffee than all the other packaged coffees in the United States put together.

The fact that Arbuckles' ARIOSA Coffee costs less and has suited the health and taste of most American people for over 37 years, ought to induce everybody to at least sample it.

The cities hide many country girls and boys who secretly sigh for a cup of good coffee like "mother" made. "Mother" probably used the old original "Arbuckles'" the first roasted packaged coffee.

See that you get the sealed package, one pound full weight, bearing the name ARBUCKLES' ARIOSA COFFEE and the signature of Arbuckle Brothers, which entitles you to presents.

That is the genuine article, no matter where you buy it or what price you pay for it.

Same old Coffee, same old firm.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

Alexandria Gazette — Sic Semper Tyrannis — And Virginia Advertiser

TUESDAY EVENING, MAY 21, 1907.

THE matter of "guides" is one which those in authority should act upon at an early date. At present there are at least half a hundred boys, white and colored, from twelve years of age upward, who have constituted themselves "guides," and for a consideration offer to pilot strangers through the city and show them the points of interest. These "guides" beset the street corners where the electric trains stop and offer their services to those who alight from the cars. This they do in a boisterous and frequently in a most unseemly manner, and when their offers are declined they become insolent. Frequently, too, these "guides" in considerable numbers will follow and jeer a party of excursionists who happen to be passing through the streets and in other ways annoy these strangers. These "guides" should be kept off the streets by the police. They are no credit to themselves or to the city; their place is in school. A city official recently in speaking of this nuisance to the writer of this article suggested that guides should be licensed and that only reputable and well behaved persons be granted such licenses. The suggestion is a good one.

BEFORE the Johns Hopkins Hospital Medical Society in Baltimore yesterday the Rev. Dr. Ellwood Worcester said that in his church—the Emanuel Episcopal, of Boston—they are curing invalids by mental and moral suggestion. His speech was the sensational feature of the meeting. Dr. Worcester disclaimed any affiliation with Christian Science. He said: "Our idea is to appeal to them from the basis of true religion, as it is contained in the New Testament, and we have been succesful in many cases. It is simply a mental and moral suggestion, which bears upon the peculiar trouble of the patient."

THIRSTY Kentuckians living in prohibitionist counties will be able to get their drinks at express offices in quantities to suit their taste. A local ordinance imposing a fine of $60 for bringing in liquor by express and dispensing it C. O. D. was held by the Federal Supreme Court to be void as being a regulation of interstate commerce. The new field of usefulness thus opened to Senator Platt's company and others is enormous. There is more unquenchable thirst per square yard in prohibition States and counties than anywhere else in the country.

ATTORNEY GENERAL BONAPARTE'S firm adherence to his interpretation of the pure food law puts an end to the large traffic in rectified whisky for the genuine product of the distillery. If the blended whisky is better than the pure article, as the rectifiers contend there is no reason why it should not go to market under its proper description, and this is all that the decision of Attorney General Bonaparte amounts to. In short, let the pure food law be enforced in accordance with its letter and (distilled) spirit.

THE President, it is announced will urge Congress to create a civil pension list for the benefit of the superannuated employes in the executive departments. The majority of these employees receive better pay than they would get anywhere else than in the government service and it would seem that if they were at all provident they could lay aside some of their earnings for a rainy day—but many of them do not. This country is fast becoming one of pensioners.

PRESIDENT OXNARD, of the American Beet Sugar Company, in his annual report shows an increase in gross earnings from $4,369,814 to $5,973,042, but, he claims, that, despite this, the net earnings remained the same owing to the increased cost of raw materials and labor. But Mr. Oxnard is one of the very men who most oppose a reduction of the tariff.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 21.

In hope of having an assurance of fair play from the railroads in its competition with the Standard Oil Company, the National Petroleum Association today produced witnesses and exhibits at a public hearing before the Interstate Commerce Commission to show that in the past it had suffered from unjust and unreasonable rates and from other discriminations. The association is an alliance of many of the firms located in Ohio, Pennsylvania, New York and Canada engaged in the refining, manufacture and merchandising of oil. The principal complainints are against fifty railroads in the Central Freight Association, trunk lines and New England territory. The association hopes to secure an order from the commission that will reduce the advantage the Standard Oil enjoys from its possession of pipe lines from the oil producing regions. It claims, as the railroads have lowered rates to meet the cheaper mode of transportation, that of waterways, that they should be required to make rates to meet, or, at least, reduced the disparity between railroad transportation and that by pipe lines, the cheapest method of transporting oil, and one which the Standard Oil practically controls. A failure of the road so to do, it is alleged, has put the National Petroleum Association to a great disadvantage and loss. The decision of the commission on this point will be reaching. An attempt to compel the railroads to make rates to compete with pipe lines would doubtless result in carrying the matter up to the Supreme Court of the United States. The association also seeks to prove that rates are not uniform and fair as from different shipping points. It is alleged that from certain sections within the territory to which the rates apply, and from which the Standard Oil ships exclusively, rates are at the sixth, or lowest class, while in other sections they are much higher. It is stated that the rates on oil shipped in less than car loads are 20 per cent too high. As the Standard does not use this class generally, discriminations are alleged. A number of witnesses were examined today.

Under the administration of the customs of San Domingo by the United States during the last two years, from April 1, 1905, to April 1, 1607, $2,636,448.63 has been placed in the City National Bank, of New York, to the credit of the foreign creditors of that republic, and $2,312,962.11 has been paid to the republic itself to meet its running expenses. There is, besides, a balance of $103,907.98 due to that republic. These figures, which are given in a report issued by the insular bureau of the War Department, are regarded as eminently satisfactory. Santo Domingo has never been so prosperous as it is at present, and, although it will take about twenty years at the same rate to pay off the entire foreign debt, this is the first time that any provision has been made to meet those obligations. The foreign creditors are said to be well satisfied with the showing.

As evidence of the increased activity on the canal zone, officials of the isthmian canal commission in this city point to the big purchases of material that are being made here. Bids opened here yesterday for 50,000 tons of steel rails; 300,000 track spikes; 295,000 tie plates, 30,000 steel splice bars and 60,000 pounds of track bolts. For the rail contract, the Maryland Steel Company, at Sparrows Point, bid $158,750 and the United States Steel products export company, $162,250. There were 169 bidders on miscellaneous supplies, 146 different kinds of material being called for. Tomorrow bids will be opened for 5,0000 barrels of Portland cement and on Friday bids for lumber will be called for.

Japan's reply to the proposal of President Roosevelt for an international conference to consider measures for exterminating the bubonic plague is anxiously awaited by this government. The acceptance of such overtures would probably results in the eradiction of the disease from Asia, where it is a constant menace to the inhabitants of the Phillippines. Plague has appeared in various part of the Phillippine Islands from time to time and without the constant vigilance exercised, would have become seriously epidemic. When it was discovered that the disease was communicated by rats an energetic raid was instituted in Manila. The medical authorities of the city have made extensive experiments looking to the prevention and cure of the plague and the record of those experiments will profoundly interest the international conference if such a body is assembled. It is believed that Japan will not let the present opportunity pass. Upon her favorable action depends largely the success of the movement to stamp out the plague.

A reciprocity agreement has just been concluded between this government and of the Netherlands by Secretary of State Root and Minister van Swinderen, of the Netherlands. The agreement provides for a remission of twenty-five per cent of the duty on brandies and spirits brought from Holland, the United States in return obtaining the "most favored nation" benefits in importations.

U. S. Consul General Willard D. Straight, at Mukden, Manchuria, has informed the State Department that the Chinese government has agreed not to levy inland taxes on foreign goods in the open cities covered by exemption certificates. This is important as affording the first interpretation by China in accordance with the views of the American government of the treaty between this country and China of 1903 by which Antung and Mukden were opened to American trade and residence.

The government has decided to renew the cases against the so-called fertilizer trust before the United States District Court, at Richmond. The Department of Justice has decided to try the individual defendants in the State in which they reside, and will almost immediately proceed to secure the indictment and re-arrest of the Virginia parties to the alleged combination. It is said that there are thirty-one fertilizer companies in the alleged combination.

At the Brownsville hearing today, Charles S. Kennedy, a newspaper man, who was a guest at the Miller Hotel on the night of the shooting up of the town, testified that the firing sounded as if it came from the direction of the fort. He said he saw the persons doing the shooting, and in his opinion they were negro soldiers.

In accordance with the direction of the President the Department of Justice has issued a conditional pardon to John L. Lennon, the Marine Corps private who is serving one year's imprisonment at Grovers Island, N. Y. for desertion. Lennon is the nephew of John L. Sullivan, whose intercession with the President resulted in clemency.

Irish Council Bill Condemned.

Dublin, May 21.—The Irish council bill offered in Parliament recently by Chief Secretary for Ireland Birrell as the liberal government's first concession toward granting home rule was roundly condemned today before the Irish convention by John Redmond, who declared the bill is inadequate and unsatisfactory to the Irish. He moved its rejection and condemnation by the convention. It was predicted this action would cause the convention to reject the bill which would probably doom it before Parliament.

News of the Day.

The court at Boise City, Idaho, is still engaged in securing a jury in the Haywood case.

Two caboose, one containing 29 men, collided on the Pan Handle at Colliers near Steubenville, O., today and 16 men were injured, two fatally.

Two thousand delegates have arrived in Dublin to attend the convention which will decide whether to accept or reject the Irish bill in parliament.

Governor Warfield, of Maryland, announces that he never has been, is not now and will not under any circumstances be a candidate for re-election.

The republicans elected four out of the six Cumberland, Md., city councilmen voted for yesterday, which still leaves them in control of the council, which will stand eight republicans to three democrats.

Leonard J. Mosness, thirty-five years old, formerly a trusted employe in a stock exchange house in New York, has been arrested charged with swindling a brokerage firm out of $48,000 by means of worthless mining shares.

At Gravesend yesterday Superman, the three-year-old colt of James R. Keene's stable, won the Brooklyn Handicap on a track fetlock deep in mud. Superman covered the course of a mile and a quarter in 2:09. The purse was $20,000.

Passenger train No. 2, on the Central of Georgia Railroad, leaving Birmingham, Ala., at 7 o'clock yesterday morning, was wrecked at Waverly, near Opelika, Ala., about noon. Twenty-seven are reported injured. The train went into a ditch.

Gaston Philip, a wealthy young clubman, was held at the coroner's inquest in Washington yesterday for the action of the grand jury for causing the death of Frank MacAboy, a cabman, who was shot at the Arlington Hotel Saturday morning.

The old Baltimore City Council adjourned sine die yesterday. Mayor-elect Mahool received resolutions and gifts of silverware from the members and employes of the First Branch of which he was the president. Mayor Mahool entered upon the duties of his new office today.

The minority and majority reports were presented to the Southern Presbyterian assembly at Birmingham, Ala., yesterday on the adoption of the Charlotte agreement. The majority report of the committee favored the adoption of the articles. The advocates of the respective reports made speeches upon the same.

Kathrine Clemmons Gould has begun suit in the New York Supreme Court for a separation from Howard Gould, to whom she was married in October, 1898. She asks for permanent alimony and places her husband's income at $1,000,000. Mrs. Gould declares that her husband abandoned and deserted her in July of last year, and that since September he has not contributed anything to her support.

The Louisville and Nashville Railway yesterday followed the example of the other corporations which are contesting the right of the State Corporation Commission to order two-cent passenger rates by instituting suit in the United States Circuit Court. Rumor has it that the Richmond, Fredericksburg and Potomac Railroad, whose stock is owned in large part by the State, will also sue in the United States Court.

After going to Birmingham, Ala., from Sewanee, Tenn., expecting to marry Miss Mamie Shaw, only to find her the bride of another, J. N. Castleberry, a prominent business man of the Tennessee town, killed himself. Castleberry had received no intimation of Miss Shaw's liking for another, and the first word of her marriage was broken to him on his arrival at Birmingham. He went to Miss Shaw's home, and, standing on the doorstep, blew out his brains.

There were two serious wrecks on the Central of Georgia Railway yesterday, one of them occurring near Hillsboro, Ga., about noon, when a southbound passenger train went into a ditch and 23 persons were injured, the other happening at Waverly, near Opelika, Ala., at nearly the same hour. The latter crash resulted in injuries to 27 persons. The wreck near Hillsboro was due to the turning of a rail. No one was killed and of the injured, all but one, were passengers.

Mrs. Mary E. Bowie and her son, R. Henry Bowie, of near Hill Top, Md., will have to stand trial for the murder of Hubert Posey, 22 years old, the alleged betrayer of the woman's daughter. Posey was fatally shot January 18 last. The grand jury selected for the May term of the Circuit Court, which began at La Plata, Md., yesterday, with Judges Briscoe, Crane and Merrick on the bench, returned a true bill of indictment against both of the defendants. The trial of the accused will begin next Friday.

Odessa, Russia, was last night in the hands of mobs of the Black Hundreds. Rioting followed the assassination of three police officials by an infernal machine which had been placed in the office by a young woman. Following the assassination of the police officials serious rioting occurred, and last night the Black Hundreds were running wild through the street, mercilessly beating people, particularly Jews, more than a hundred of whom were seriously injured soon after the disturbances began. The police apparently remained passive spectators of the disorder. No arrests were made, and the Black Hundreds continued their work of revenge unchecked.

The June Metropolitan has been received from its publishers in New York. It contains most excellent articles, which not only entertain, but seek to interest the reader in the problems of our country. "Should we keep Cuba?" gives a description of the conditions of the island. "The Empire of the Larger Hope" is important from several points of view. The fourth instalment of "The Mexican War" is most dramatic and instructive. "The Navies beneath the Sea" tells of life and death in sub-marine torpedo-boats, and "Fresh-water Game Fish that Leap" is an interesting out-of-door article. The fiction of this number is distinctly first class, and artistically it is one of the best ever published by this magazine.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at E. S. Leadbeater & Son's, drug store.

Virginia News.

Captain Augustus P. Pifer, a prominent educator, died at Newberry, S. C., yesterday. He was a member of Gen. Lee's staff during the civil war and was 67 years of age and a native of Frederick county.

During a thunderstorm in King George county Saturday evening several residences were struck by lightning and injured, stacks of hay were burned and William Dishman was struck by lightning and killed.

James B. Winston, 77 years old, who was for many years treasurer of the Richmond, Fredericksburg and Potomac Railroad, died in St. Luke's Hospital, Richmond, yesterday of heart disease. He was born in that city April 11, 1830.

Gov. Swanson, has accepted the resignation of Judge B. T. Crump as member of the State corporation commission. The resignation is to take effect June 1, and Judge Crump will be succeeded by Hon. Robert R. Prentis, judge of the Second judicial circuit.

Baltimore is going to make strenuous efforts to capture even more of the business of the great valley section of the State than it now gets. To that end arrangements are now on foot for the running of a thorough night train from Lexington to Baltimore via Harper's Ferry and Washington.

C. H. B. Bosserman, until recently postmaster at Flumen, Rockbridge county, was yesterday examined before U. S. Commissioner Meredith, of Staunton, and held for the United States grand jury at Harrisonburg, charged with falsifying his postal accounts and using postage stamps to pay for merchandise. He failed to give bond in $1,000, and went to jail.

John A. Siebert, a Winchester young man and the son of J. W. Siebert, sr., of the old jewelry firm of Siebert & Denny, committed suicide at his home in Winchester yesterday morning by shooting himself through the head. The deed was committed as the young man stood in front of a mirror in his bedroom. The young man had been ill for several weeks, and it is believed that he took his life in a fit of melancholy.

Captain C. W. Wallace, aged seventy-three years, died yesterday at the Mary Washington Hospital, in Fredericksburg, of heart disease. For a number of years he was commonwealth's attorney of that city and Spotsylvania county. He served the Confederacy as captain of Company C, Thirtieth Virginia Regiment. One sister, Mrs. James Carmichael, of Wilmington, N. C., and one brother, Judge A. W. Wallace, of Fredericksburg, survive him.

Insurance Commissioner Button yesterday, in a letter to the corporation commissioner, denies that he authorized or co-operated with Actuary Wolfe, of New York, in the publication of the report upon the affairs of the Life Insurance Company of Virginia. He brands the charge as absolutely untrue. The report in question made certain charges against the company. After investigation the commissioner found the charges unfounded and prohibited the publication of the actuary's report.

The Presbyterians

After a spirited discussion at Columbus, Ohio, during which it was charged that an attempt was making to build up a Catholic hierarchy, the Presbyterian General Assembly yesterday adopted the report of the special committee on administrative agencies, referring to the presbytery's four overtures relating to changes in the form of government of the church and providing for the establishment of executive commissions by the presbyteries, synods, and general assembly. If a majority of the presbyteries approve these overtures, the committee will report to the next general assembly a plan for the executive committee of the general assembly. It was announced that Dr. Henry E. Dosker, chairman of the standing committee on temperance, would return the overture on temperance, which had been referred to his committee. The overture in question condemns the organization of the Church Federation of Temperance, and recommends that the church give hearty support to the Anti-Saloon League. Dr. Dosker said it was the business of the overture committee to handle the temperance overture. His action is being criticised by many of the commissioners, and the feeling on the temperance question is becoming bitter. The temperance question will be brought up Wednesday afternoon.

The Baptists.

The morning session of the Southern Baptist convention in Richmond yesterday was confined largely to the discussion of home missions, a topic which was resumed at the afternoon session. The new laymen's movement came up for consideration on a report and speech by Hon. Joshua Levering, of Baltimore, and after speeches had been made by Messrs. C. U. Slaughter, of Texas; A. C. Avery, of Missouri; J. F. Brownlow, of Tennessee; R. H. Edmonds, editor of the Manufacturers Record, Baltimore; H. R. Pollard, of Virginia, and others, was unanimously indorsed. A committee of which J. Harry Tyler, of Baltimore, is secretary, was provided for to take charge of the movement.

The evening session soon resolved itself into a great missionary mass meeting, with Dr. Willingham and his assistant in charge of proceedings and with brief addresses from a number of missionaries in foreign fields. Final adjournment followed this discussion.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Vanderbilt Plans Big Mountain Lake.

Asheville, N. C., May 21.—George W. Vanderbilt has decided to consider propositions for the leasing of the water-power of the Davidson river, on the Biltmore estate, near Brevard, and it is understood that State Senator W. E. Breese, jr., of Brevard, will act as his agent in the matter of negotiating water-power leases. In connection with the leasing of water-power, the owner of Biltmore proposes to build a huge dam, which would create a lake on the estate about four miles long and three-quarters of a mile broad. Such a lake would rival the celebrated Toxaway Lake, and it is said to be Mr. Vanderbilt's purpose to build a number of cottages on its shores, whose location in the midst of the vast Pisgah forest would be highly attractive as summer homes. Should the lake be created there is every prospect of the formation of a hunting club, to lease the celebrated Biltmore game preserves, which consists of some 60,000 acres of forest land.

Money in Straight Whisky.

Washington, D. C., May 21.—Attorney General Bonaparte's decision as to what "straight" whisky is will put about $12,000,000 into the pockets of distillers who make whisky of that kind during the next 12 months. The fact that he would adhere to his original action in regard to that matter became known on Wednesday. The next day the wholesalers received notice that "straight" whisky, bottled in bond, would hereafter be retailed at an increase of from 20 to 25 per cent. When Secretary Wilson disapproved the recommendation of Dr. Wiley with regard to what in the trade is known as "blended" whisky, the stock of the straight whisky trust dropped 10 to 12 points. It went up when Attorney General Bonaparte agreed with Dr. Wiley and rejected the recommendation of Secretary Wilson.

Against Celebacy.

Paris, May 20.—A sensational appeal to the Pope to abolish the rule of the Catholic church against the celebacy of priests, printed in the newspaper Gil Blas, has attracted the greatest attention in France, and promises to start an agitation which will be heard all over the world. While the Gil Blas is an anti-Catholic paper, it asserts the appeal strictly and absolutely as a Catholic on the subject. It is stated that a petition signed by 3,000 priests has already been forwarded to Pope Pius. The petition sent to Rome is quoted as saying: "The abolition of celebacy ought to be decreed in accordance with the desire of nineteen-twentieths of the clergy and nine-hundredths of the French laymen."

Royal Arcanum.

Boston, May 21.—Several important propositions were defeated at yesterday's session of the Supreme Council of the Royal Arcanum at Boston. One sought to abrogate the regular rates and place all of the 243,000 members of the order upon a rate known as option A. This rate provides a constant rate during membership. The committee to which this proposition was submitted opposed it vigorously, and the plan was unanimously defeated.

The plan submitted by the Ohio delegation for cutting out all past supreme regents and incorporators from life membership in the Supreme Council was also defeated.

Prince Turned Over to Nurse.

Madrid, May 21.—Clad in the traditional uniform which has been associated with her official position since the early days of Spanish history, the nurse of Prince Alfonso today assumed her duties of caring for the future monarch. It was with the greatest reluctance that Queen Victoria finally surrendered this task to another, and not until it had been represented to her that she would endanger the life of her son, as well as her own, by trying to nurse the infant, did she yield to the physicians' remonstrances. She has established a new record already for Spanish queens by nursing her child for ten days.

Condition Critical.

Havana, May 21.—Advices received early from Guantanamo announce that the conditions of Ensign Brisbin of the cruiser Tacoma, who is reported to have attempted suicide last night by shooting himself in the left lung, is still critical. No other reason can be assigned for Brisbin's act than that he was despondent over the criticism heaped upon him as the result of his implication in the recent fighting between United States sailors and police at Santiago.

Former President Alexander in China.

Shanghai, China, May 21.—Looking like a "new man," James W. Alexander, former President of the Equitable Life Assurance Society, is now in China on the world tour he undertook on account of the breakdown of his health due to the life insurance scandal in New York. Mr. Alexander declared he has fully recovered his health and had enjoyed his tour immensely. His appearance verified his statements.

Would Not Run Against Roosevelt.

Lincoln, May 21.—It is stated here that Mr. Bryan will not accept a nomination in case Mr. Roosevelt is nominated. He feels that the President is progressing so rapidly toward the radical stand which he took himself that no harm can be done the party's principles by giving Mr. Roosevelt an uncontested election, so far as democracy is concerned.

New York Stock Market.

New York, May 21.—Bears were left in control of the market from the opening. The downward movement forced liquidation of many outside speculative accounts. The loss in a number of the most active issues ranged from 1 to over four points. The market made a moderate rally after the end of the first hour and for a time held firm. Around noon heavy selling pressure again appeared, however, and started another downward movement in which prices fell to the lowest range of the day. The steel stocks were offered and sold in large blocks.

The market in the afternoon was in a state of semi demoralization with a general absence of buying. Prices went down to the lowest points in some stocks.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by W. F. Creighton and Gibson and Timberman.

Elk's Programme Complete.

Philadelphia, May 21. — With the exception of some minor details, the programme for the Convention and Reunion of the Benevolent and Protective Order of Elks, which is to be held in this city during the week of July 15th, is complete and is now presented to the public for the first time. From reports received from all sections of the country it is expected that upwards of 150,000 visitors will be in Philadelphia during the convention, and the executive committee of Philadelphia Lodge, No. 2, of which Chester P. Ray is chairman, confidently hopes and looks for the co-operation of the people of this city in the entertaining of this mighty host of strangers. The committee is now raising an entertainment fund of $100,000. Of such large proportions is an Elks' convention that councils have taken official recognition of the event, and a joint committee has been appointed to co-operate with the local committee of Elks. Mayor Reyburn has also expressed himself as interested in the convention, and will de all his official position enables him to make the convention week the most memorable in the city's history.

Attempt to Drown a Young Woman.

New York, May 21.—What the police think was bold attempt at murder was frustrated today when two life savers from the volunteer life saving corps made a thrilling rescue of a young Italian girl, whose senseless body was discovered floating in East river. The fact that the girl's skirts had "ballooned" and that a strong ebb tide had carried her swiftly down the river saved her from drowning. Crowds on the Williamsburg bridge first discovered the floating body Their shouts attracted the pilots of half a dozen ferry boats who put toward her blowing their whistles. But the tide swept the girl beyond them. Then the life savers put off in a small boat and were able to reach the girl before she sank. She revived long enough to say she had been pushed into the water and then lost conscious again.

Wife's Statue on His Grave.

Lexington, Ky., May 21.—At the head of the grave of Colonel James F. Pepper, distiller and turfman, will be erected a monument that will be adorned with the statue of his wife, Ella Offutt Pepper. A cast of Mrs. Pepper's features will be taken next week, and a sculptor be put to work at once to complete the model before fall. The statue will crown a plain marble shaft. Mrs. Pepper was a noted beauty, and before her marriage to Colonel Pepper traveled abroad, where she was regarded by many critics as the most beautiful woman to visit Europe from America. Before his death Colonel Pepper exacted the promise from Mrs. Pepper that she permit her statue to rest on the monument at the head of his grave.

The Submarine Octopus.

Newport, R. I., May 21.—Unless the protests of the officers and crew of the submarine Octopus induce the naval board to change their decision, the little cigar-shaped craft now being put through the most severe test ever demanded of this type of boat will make its 200-foot dive off Boston Light without a human being inside. Although the unofficial submergence trial of an empty submarine in Boston harbor last week was reassuring, the board and Lieutenant Spear, of the Holland Company, still fear that some unforseen accident may happen. This decision is an intense disappointment to the Octopus's crew. There is not one of the 30 men who would not give a year's salary for the chance.

Accident Due to Carelessness.

Los Angeles, Cal., May 21.—W. W. Wright Cabell, a well-known civil engineer, who was at the scene of the Honda wreck makes a positive assertion that the disaster in which over thirty Shriners lost their lives was due to the carelessness of trainmen. He says a section crew had loosened the earth and prepared to reset rail ties when the Shriners' train, running at a high rate of speed, passed over the weakened track and was wrecked. The section foreman had neglected to send out a flagman to slow down the train.

Burning of a Passenger Steamer.

Grand Haven, Mich., May 21.—Four members of the crew were burned to death, J. M. Rhoades, a passenger died from injuries and it is believed that several others were drowned when the steamer Naomi was burned to the water's edge. That a greater lost of life did not occur was due to the fact that the steamers Kansas and Straford were near the Naomi at the time of the fire and aiding materially in rescuing the imperilled passengers and crew.

Shot in a Quarrel.

Philadelphia, Pa., May 20.—A quarrel over a cigarette may cost the life of John Bonds, who is in the Jefferson Hospital with a bullet in his abdomen, the victim of an early morning shooting. Bonds was visited in his room by three friends, and during their stay a dispute arose over the possession of a cigarette. Bonds ordered the visitors out and a scuffle took place which ended in his being shot.

Electrocution Difficult.

Auburn, N. Y., May 21.—Four applications of the electric current were required today to execute Carlo Ciardi, sentenced at Ithica for the murder of Luigi Perzi. The first shock of 980 volts was continued for a full minute, but the doctors were not satisfied and again the current was applied. As a precautionary measure two additional shocks of three to four seconds were administered later at two minute intervals. Ciradi, went to his death without a sign of emotion. He walked to the death chamber with the greatest unconcern, placed himself calmly in the chair and rested his hands easily on the arms. Ciradi killed his fellow countryman to obtain $90 which Perzi had saved to bring his sweetheart to the United States from Italy.

Presbyterians and the Temperance Question.

Columbus, O., May 21.—The temperance question still continues to furnish the principal argument for the general assembly of the Presbyterian. All overtures favoring the anti-saloon league were today referred to from the temperance committee to the committee on church policy.

ACCUMULATIONS.

The opening of Spring reminds the prudent man and woman that it is time to get rid of the accumulations of the winter season. The body demands it as the price of comfort and health. In old times the Spring was the season for strong physicking, and heroic were the measures often taken. Nowadays the prudent at this time of the year take a mild but effective prescription, such as ½ oz. Fluid Extract of Buchu, 1 oz Balso Mixture, ½ oz. Fluid Extract Gentian Compound and 15 ozs. water. This, taken in doses of a tablespoonful three times a day, before meals, is said to do the work far better than the drastic drugs of old and is vastly more pleasant. The prescription can be put up by any good pharmacy at small cost.

Train Wrecked.

Utica, N. Y., May 21.—One man was killed and a dozen seriously injured as the result of the wrecking of the Buffalo and Cleveland flyer No. 29 on the New York Central east of Little Falls early this morning. Details are lacking, but it is reported here that the wreck was due to an extremely odd accident. The passenger, east bound, was to have passed a fast freight, west bound, at Finksbasin. According to reports the freight was derailed just before meeting the passenger and the debris from the wrecked freight falling across the passenger track resulted in the derailment and wrecking of the latter train. In addition to the destruction of the passenger train and the smashing of the baggage car, the coaches of the passenger were derailed and all the occupants who were not seriously injured were badly shaken up and many of them cut by flying glass. The heavy Pullmans stood the shock better and none of the injured was in these cars.

Saw Devil on the Wing.

Negroes of Kings Creek, Md., just across the Delaware line, are terror-stricken, claiming the devil paid them a flying visit Saturday night. An airship on its way to the Jamestown Exposition caused the uproar.

When the airship was first sighted, some distance away, all eyes were turned upward in astonishment. As the machine drew near and the mechanism of the ship, which was making considerable noise, could be heard, the population went wild. The machine was flying low, just clearing the huts, trees and telegraph poles, and the conversation of its occupants was plainly audible to the few who had sufficient courage to stand their ground or were too frightened to run.

The machine was adorned with two large red lights and made a spectacular appearance. Negroes took refuge in hay-stacks, woods, corn-houses, under beds and in attics, positive that the monstrous affair was nothing less than the devil. Many still claim that it was a supernatural being. —Yesterday the negroes held long religious meetings. Poker and crap games have been eliminated and Kings Creek is now the most orderly town on the Eastern Shore.

OFFICIAL.

AN ORDINANCE to provide for the grading, paving and curbing of Washington street, from the north curb line of Queen street, to the south curb line of Wythe street, under certain conditions.

Section 1. Be it ordained by the City Council of Alexandria, Virginia, that the Committee on Streets is hereby authorized and directed to have Washington street, from the north curb line of Queen street to the south curb line of Wythe street, with the exception as described in section 3, of this ordinance, graded and paved from curb to curb and to have said street, as above described, curbed in a good manner, under the supervision of the City Engineer, using for the paving vitrified brick on a four (4) inch concrete base, from the curb line to a point six (6) feet therefrom, and broken stone for the remaining part of the roadway, and for the curbing a six (6) inch granite curb, set in concrete.

And the said Committee on Streets shall advertise for ten (10) days in some newspaper published in the city of Alexandria, Virginia, and in any other newspapers and publications, should they deem it necessary, for proposals for materials, and they shall do said grading, paving and curbing by day labor, or if in their opinion the best interests of the City Council will be subserved thereby, by contract under bond, after advertisement as hereinbefore provided for materials.

Section 2. Be it further ordained that the said Committee on Streets shall not begin work or purchase any materials or let any contract pretaining to said work, until an amount equivalent to two dollars ($2.00) per front foot, for three-fourths (3-4) of the linear foot of property on the said portion of Washington street has been voluntarily deposited with the City Treasurer for defraying a portion of the expense of said grading, paving and curbing.

Section 3. Be it further ordained that no curb shall be set, and that no grading or paving shall be done within six (6) feet of the curb line in front of any property for which the proportionate expense hereinbefore mentioned shall not be deposited with the City Treasurer, before or during the grading and paving of the center portion of said street directly in front of said property.

Section 4. Be it further ordained that the portion of the said street in front of any property which may not be curbed, graded and paved in the manner aforesaid, by reason of Section 3, of this ordinance, shall, upon there being voluntarily deposited with the City Treasurer, of an amount equivalent to the actual cost of labor and materials necessary to so curb, grade and pave in front of said property, be so curbed, graded and paved.

Said voluntary deposits mentioned in this and the preceding sections may be in cash, or may be part cash and the balance in notes, as may be agreed upon by a majority of the Finance Committee of the City Council of Alexandria, the payment of said notes to be secured in a manner satisfactory to a majority of said committee.

Section 5. Be it further ordained, that as said grading, paving and curbing is being done, the Auditor is to draw warrants, from time to time, upon the Treasurer of this city in an amount not to exceed fourteen thousand dollars ($14,000.00) to pay for said grading, paving and curbing, and a sufficient amount of money for such purpose, not to exceed fourteen thousand dollars ($14,000.00), is hereby appropriated.

Section 6. This ordinance shall be in force from its passage.

For this section fair, continued cool tonight. Wednesday fair; warmer; light north to northeast winds.

Took an Appeal.

Motorman John Barker and Conductor Richard Acton, of the Washington, Alexandria and Mount Vernon car which struck and killed William Creegan, the six-year-old son of Mr. Michael Creegan, on south Royal street on Sunday, May 12, were brought before Justice Thompson in the Police Court at 10 o'clock this morning, on the charge of being responsible for the boy's death. The accused were released last week under $1,000 each for their appearance today. Mr. S. G. Brent conducted the prosecution and Mr. Lewis H. Machen represented Motorman Barker and Mr. W. U. Varney Conductor Acton. Mr. J. R. Caton was present in the interests of the railway company.

A number of witnesses were examined, but no new facts were produced. The motorman testified that the car which struck the child was running about ten miles an hour, and that it had the fender on the rear end instead of the front. It developed during the trial that it has been customary to run cars up and down Royal street with the fender out of position, it being presumed by train hands that it was unnecessary to have the fender on the front end of the car on any thoroughfare except King street.

One witness testified that he called the attention of the crew of car No. 6 the day before the accident to the fact that they were neglecting to change the fender.

After all the witnesses and the accused had testified Mr. Brent urged that the law provided in such cases should be enforced.

He was followed by Messrs. Machen and Varney on behalf of their clients, who took the ground that the conductor and motorman should, from the evidence and circumstances surrounding the case, be dismissed.

Justice Thompson in summoning up the case said in substance:

"The case before the court has attracted considerable attention in this community, and in the interests of justice and for the proper safeguarding of life and limb, it is necessary that some action should be taken, which will deter others from committing similar offenses. Doubtless the men before the bar have suffered anguish second only to that experienced by the family of the little boy who was the victim of the carelessness of the accused. But were the latter sent on to court it would not undo what has been done, and as the law makes their offense a misdemeanor, which can be disposed of in the Police Court, such course will be adopted. The minimum fine is $2 50 and the maximum imprisonment six months. The accused are therefore fined $10 each and sentenced to jail for five days."

The sentence was based upon section 3682 of the code, which reads:

"If any driver, conductor, or captain of any vehicle or boat for public conveyance, in the management of such vehicle or boat, willfully or negligently inflict bodily injury on any person, he shall be punished as for misdemeanor."

Counsel for Barker and Acton noted an appeal, and they were released in the sum of $100 each for their appearance before the Corporation Court.

Alarms of Fire.

The alarm of fire about 10:30 o'clock last night was caused by a fire on the roof of a small frame house on the north side of Duke street, between Alfred and Patrick. The department responded and soon subdued the flames. The high wind prevailing at the time caused anxiety to the people living in the vicinity until the fire had been extinguished. The fire is supposed to have been accidentally caused by boys who were smoking cigarettes near the house.

Another alarm was sounded about 1 o'clock this morning. This was caused by a burning chimney of a house situated in a northwesterly direction beyond the city's limits. No damage resulted.

The alarm of fire shortly before one o'clock this afternoon was caused by the burning of a small frame structure on the north side of the Washington-Southern Railway tracks near Hooffs's run. The building was used as a telegraph office previous to the construction of the new union depot. The origin of the fire is unknown.

Funerals.

The funeral of Mrs. Rosina Kirchner, wife of Mr. J. F. Kirchner, who died Sunday morning, took place this afternoon from her home, 1003 Duke street, Rev. Joseph R. Sevier, pastor of the Second Presbyterian Church, officiated, and the interment was made in the Presbyterian cemetery.

The funeral of the late James Peverill from the residence in Del Ray yesterday afternoon was attended by many friends and relatives, including a number from this city. The services were conducted by Rev. Mr. Bell, pastor of the Del Ray Methodist Episcopal Church South. The pallbearers were John L. Travers, John W. Cunningham, Irving Brawner, Firm Brawner, and Robert R. Dye, sons-in-law, and John B. Duncan, a nephew of Mr. Peverill. The interment was in Bethel cemetery.

Reopening of Luna Park.

Luna Park, more beautiful than ever, will inaugurate its second season next Saturday. Many are the improvements that have been effected in this new and remodeled pleasure resort. The walks have been hardened with granulated concrete, and the park's patrons can now go over the entire grounds without the discomfort of great clouds of dust or muddy pathways. Keep your eyes open for the new band pavilion and your ears alert for the melodious strains that will be wafted therefrom by the Royal Berlin Military Band, conducted by the famous cellist and talented composer, Paul Zierold. Owing to the vast amount of improvements and alterations, in its new garb it is worthy of its appellation, the New Luna Park. Important and stellar attractions have been secured to provide free vaudeville. Concerts will be given every afternoon and evening, rain or shine, and special numbers and request nights will be welcomed with approval.

Mt. Vernon.

The members of the Mt. Vernon Ladies Association have been in session at Mount Vernon during the past week and will hardly complete their business for a day or two yet. On Sunday the ladies attended Pohick Church, where Rev. Everard Meade, the rector, preached.

Today was the appointed time for Governor Swanson and the Board of Visitors to pay an official visit to Mount Vernon but the Governor was unable to do so, though several of the Visitors were present, including Mr. L. R. Page, of Richmond, and Mr. C. B. Marshall, of this city. Mrs. Swanson was also present, as were also Judge Duke, Mr. Thomas Nelson Page, Rev. Dr. S. A. Wallis and Rev. Everard Meade. This evening the Duke of the Abruzzi of Italy visited Mt. Vernon on the government yacht Mayflower. The duke had with him a distinguished party and placed upon Washington's tomb a handsome wreath. He also planted a tree on the grounds. In response to those who had addressed the Regents, Mr. Thomas Nelson Page made an address for the ladies.

A feature of this year's meeting has been the addition to the collection of George Washington relics of several interesting articles presented through the vice regents of several States. From Pennsylvania, by the descendants of Admiral Thomas Ball Sullivan, C. B., who lived at Thoenpark Lodge, Lienmouth, South Devon, England, was brought an old mirror of Washington's taken from the White House by the admiral when the city of Washington was sacked by the British in 1814. The heirs of the admiral have presented the mirror to the association with all the interesting documents relating to it, signed by the admiral.

The vice regent of Kentucky presented an interesting book of maps published in 1807, containing a life of Washington, and describing the operations of the British and Colonial forces during the revolutionary war. Mrs. Barrett also brought the association a teaspoon made by Paul Revere, noted patriot and silversmith.

The vice regent from New York brought a Cincinnati plate, a piece from the original service presented to Gen. Washington by the French officers at the time of his election as first president of the Society of the Cincinnati. It is of the same set that passed down through the Custis family to the family of Gen. Robert E. Lee. From New York the vice regent also brought Washington's copy of the Sentimental and Masonic Magazine, in five volumes, from July, 1792, to December, 1794, with his autograph on the title page.

Charles Edgeworth Jones, of Augusta, Ga., sent, through the vice regent of that State, a marble bust of Washington that had been the property of Mr. Jones's grandmother, Mrs. Philoclea E. Ere, first vice regent from Georgia.

Political.

A mass meeting of democrats will be held at the Opera House tonight when Judge Nicol and Messrs. R. Lindsay Gordon and C. C. Carlin, candidates for Congress, will address the citizens. Mr. J. F. Ryan, of Loudoun, the other candidate, it is understood, will be unable to be present. The meeting will be presided over by Mr. Charles Bendheim, chairman of the city democratic committee.

Mr. C. C. Carlin addressed the voters of Culpeper in the opera house in that town yesterday. Mr. Carlin spoke to a large crowd and made a good impression on his audience.

A large number of voters of Fairfax assembled at the Court House yesterday where addresses were made by Judge Nicol and Mr. Gordon, candidates for Congress. Mr. Ryan was not present and Mr. Carlin could not appear, as he spoke at Culpeper on that day. He was in Fairfax today, however, making acquaintances with people of that county. At yesterday's meeting in Fairfax a brass band furnished music and the speakers were heartily applauded. Those present say that Judge Nicol was the favorite. Messrs. Williams, Oliver and Miller, candidates for the House of Delegates, spoke after the congressional candidates.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Green, colored, charged with gambling, was fined $1.

Joseph Florio, charged with disorderly conduct, was fined $5.

James Bonds, charged with trespassing on the property of the Washington Southern Railway Company, was fined $2.50.

Windson Allen, colored, charged with the same offense, was fined $2.50.

Jennie Payne, colored, charged with using abusive language towards Mary Francis, was sent to the workhouse for 60 days.

James Griffin, charged with being drunk in the street, was dismissed.

John H. Parnell, colored, charged with assault and beating Mary Parnell, was fined $5.

A white man, charged with assault, had his case continued.

Alice Noble, colored, charged with being drunk and with disorderly conduct, was dismissed.

Jarret Dorsey, charged with assault and beating Mary Saunders, was dismissed.

Wm. Oliver, charged with vagrancy, was dismissed.

Mary Parnell, charged with disorderly conduct, was fined $5.

The Tidal Basin Bridge.

It will be only a short time before the new bridge which is being built across the tidal basin at the foot of 14th street southwest, Washington, will be ready for service. The bridge is to be a reinforced concrete structure, and will be ornamental. The three arches are complete, and a large proportion of the work on the bridge roadway and the sidewalks has also been finished, and the completion of the remaining work to be done on the structure is being hurried. The tracks of the Washington, Alexandria and Mt. Vernon and other electric railways that enter that city from Virginia will cross the tidal basin on the new bridge, and the old wooden structure now used by the electric road and for a wagonway will be removed, and all travel will be on the new structure. In preparation for the use of the new bridge, the iron that will be employed in the construction of the underground electric railway approach to the new bridge at the foot of 14th street is on the ground, and it is stated that the construction of the new tracks will be started in a few days.

Personal.

Mrs. Berryman Green last night entertained the students of the senior class of the Theological Seminary at her home on Seminary Hill. A number of young ladies from the neighborhood and from this city were present.

Mrs. Thomas Leadbeater and family left today for their country home, "Strathblane," Fairfax county.

Mrs. George Johnston and Mrs. Robert C. Powell leave this evening for the Jamestown Exposition and Virginia Beach.

Cards are out for a dance to be given at the Golf Club House by Mr. Mahlon Janney on the evening of the 28th instant.

Mrs. Swanson, wife of the governor of Virginia, is the guest of Mr. and Mrs. Arthur Wallace Dunn, on Massachusetts avenue, Washington.

Mr. Robert Barrett and family have recently returned from Mexico and will make this city their home. Mr. Barrett will sail on Saturday for Europe on a trip for the benefit of his health.

Mr. D. D. Davis, a well known traveling salesman from Alexandria, is spening a few days in town and is registered at The Clarendon.—[Harrisonburg Times.

Death of Mr. Hyde.

A telegram was received in this city today announcing the death of Mr. Reginald Fairfax Hyde, which occurred this morning at the residence of his sister, Mrs. Novelle H. Whiting, at Marshall, Fauquier county. Mr. Hyde had been in ill health and spent the winter at the Alexandria Hospital. He partially recovered and a few months since returned to his home in Fauquier, but later he grew worse and continued to decline till the end came this morning. Mr. Hyde in days gone by was well known in Alexandria and during the civil war was a member of Company A, Seventeenth Virginia Regiment. He was 66 years old. His remains will be brought here for interment in Ivy Hill Cemetery.

Sunday School Institute.

The Sunday School Institute of the Washington District Baltimore Conference, M. E. Church South, will be held in the Methodist Episcopal Church South tomorrow. The programme was published in last Saturday's Gazette.

LOCAL BREVITIES.

Capt. James Purcell Worrell, a native of Alexandria, died in Larned, Kans., a few days ago.

The first home-grown strawberries of the season were in market this morning. They sold at 20 cents a box.

The fishing season is practically at an end. But few shad and herring are being caught, and they sell at high prices.

The registration books were opened in the several wards of the city today, but comparatively few names were added to the list.

The remains of Mrs. Isabel Butts, wife of Mr. L. E. Butts, which had been reposing in the Henderson vault, have been interred in the Southern Methodist cemetery.

The first strawberries grown in this neighborhood were for sale this morning in market by Mr. G. F. Swift. They were grown on his father's farm on the opposite side of the river.

A children's lawn party for the benefit of the Free Kindergarten will be given Wednesday afternoon from 4 to 7 o'clock at the corner of Washington and Queen streets. A pleasant time is promised all who attend.

A resident of south Fairfax street notified the police department this morning of the depredations of some vandal who invaded his premises and pulled up some choice flowers. Lieutenant Smith is endeavoring to identify the miscreant.

The weather grew cool yesterday afternoon and by night the temperature had falling considerably. A brisk northwest wind had in the meantime set in which gathered force after dark. This morning at 7 o'clock the mercury in the thermometer stood at 49°.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy wherever she has a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W. F. Creighton and Gibson & Timberman.

WANT PRIESTS TO MARRY.

The Gil Blas, of Paris, in a three-column article headed "Holy Father, Marry Your Priests," came out yesterday with an almost sensational appeal for the abrogation of the rule of obligatory celibacy for priests of the Roman Catholic Church.

If the Gil Blas is to be believed, this appeal is strictly and absolutely a Roman Catholic view of prime importance to the church of France, and, consequently, to the whole church of which France is merely the elder daughter, for the writer says that not only are the bishops of the entire world at the present moment solicited upon this subject, but that he is able to publish the text of a petition which the Pope himself has received from 3,000 French priests and curates on the abolition of clerical celibacy.

The writer adds that it is believed that other and similar petitions have been received at Rome. He declares that the signers are known, and that they are all priests past the marriage age, who speak nowise in youthful warmth, but solely out of the fullness of experience, weighed with the responsibilities confession has thrust upon them.

Some portions of the petition are phrased too directly for publication in American journals. The petitioners declare that the abnormal lives led by the priests hinder their power for good. They declare that they speak out of more than twenty years' incessant observation and from their recollection as doctors of souls.

"The abolition of celibacy," they said, "ought to be decreed in accordance with the desire of nineteen-twentieths of the clergy and ninety-nine hundredths of French laymen, after which would arise a great shout of alleviation among the priests and the faithful.

"We should see a renewal of Catholic life, and immediately the face of things would change. Christian families would be founded, children would arise profoundly pious and devoted to the church, and the cause of religion would take an immense step in France.

"If, in place of abolishing celibacy, the Pope maintains the status quo, we will simply witness the ruin of religion and of the church in France."

The Gil Blas says that if 3,000 priests dared address this petition to their master, whose absolute power they recognize, one may affirm that 60,000 will follow its issue.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

He Fought at Gettysburg.

Davis Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here's where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by E. S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

CANDIDATES.

TO THE VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT:

Having determined to become a candidate for the democratic nomination for Congress from the Eighth Congressional District, I respectfully solicit the support of the democratic voters of the district at the primary election to be held June 19th, 1907. If the people of the district shall deem me worthy of the high honor of bearing the democratic flag in the contest for Congress it shall be the ambition of my life to prove worthy of their confidence and support. Respectfully,

ap6 td R. L. GORDON, Jr.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

I hereby announce my candidacy for the democratic nomination for Congress from the Eighth congressional district, and in so doing desire to say that if chosen at the forthcoming primary it shall be my constant aim and endeavor to represent faithfully the interests of the entire district.

In the course of the campaign I shall endeavor to address and meet as many of the voters as possible in order that we may get better acquainted with each other. I earnestly solicit the support of my fellow democrats. Respectfully,

ma21 tf C. C. CARLIN.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

In a card addressed "To the People of the Eighth Congressional District of Virginia," and published in the press of the district and otherwise, I have heretofore announced my views on the questions of moment which now concern the public.

Adopting that card as a part of this announcement, I now formally announce myself a candidate for Congress from the Eighth congressional district of Virginia, subject to the action of the congressional primary to be held Wednesday, June 19th, 1907.

In the event that I shall be nominated and elected, it will be my earnest desire and ambition to be of service to my district, State and country, and to faithfully represent every interest, and to justify, by every exertion in my power, the confidence reposed in me and honor conferred on me by my fellow democrats. Respectfully,

C. E. NICOL.
